CHAPTER V

CONCLUSION AND SUGGESTION

The conclusion of the analysis describe the slang characterized by the teenagers in Surabaya can be simplicity concluded that:

5.1 Conclusion

This study was conducted to find out the English slang words that used by teenagers in Surabaya. Slang is considered as a result of the rapid growth of the new words that is happening as a creative expression from people to make words more efficient and simpler to be uttered. Using some theories of slang words by Spolsky (1998) and Allan and Burridge (2006) and using the theories of word formation combined from O'Grady and Guzman (1996), Allan (1986), and Hatch and Brown (1995) word formation processes by Yule (2006) and Chaedar (1994).

Slang words is an informal language, nonstandard, nontechnical vocabulary for standard word or phrases. It is often associated with young people or teenagers which is used in spoken. In globalization era, slang arise due to environmental influences. The spreading of slang is very fast, especially among teenagers because of the influence of media, such as movies, TV, radio.

Slang is not only growing in the Indonesian language, slang is also growing in the English language. Especially in this globalization era, the influence of the media is so fast to influenced teenagers to use English as a
