ABSTRACT

Fanni, Claudia Villa. 2015. The Associative Meaning in Maher Zain's Song Lyric. English Department, Faculty of Letters and Humanities, State Islamic University Sunan Ampel Surabaya.
The Advisor : Murni Fidiyanti, M. A
Key Terms : Semantics, Associative Meaning, Song, Song Lyric

This research focused on associative meaning in Maher Zain's song lyric. Specifically, song lyrics used in this research are entitled This Worldly Life, Number One for me, Love will Prevail, and Freedom. This study discussed about types of associative meaning of Maher Zain's song lyric and its relationship with the hadith of the prophet. Furthermore, the writer used descriptive approach because this research tends to words, phrases or sentences of the associative meanings without using any samples or numbers. The procedures of this research were the writer categorized the words, phrases, sentences that contain of associative meaning, then she analyzed them by using Leech's theory and related them with the hadith of the prophet.

The result of this research showed that there were thirthy six of associative meanings in song lyric of Maher Zain and its relationship with hadith of the prophet. They were nine connotative meaning because they had relationship with individual experience and real world terms. Besides, they included the physical, psychological and social characteristics. Four social meaning because they showed social circumstance, especially related with the family and experience in apologies for the mother. Eleven affective meaning because they expressed the personal feelings or attitudes of the singer or author to the listener through those songs. Five reflected meaning because they gave the new meaning based on the context in the sentence. Seven collocative meaning because it is communicated through association with word tends to occur in the environment and they have different sense when it is combined with another noun. Moreover, the data found had connection with hadiths about orphans, murder, mother or parents, life in the world, life in hereafter, the big sins, the presence of ease after sorrow, spirit for useful things and the brotherhood in Islam.
