The discourse about *hadith shahihBukhari* that is talking about a song is never ending. And also many other hadith that talk about this. it occured since ancient ulama until now.

This hadith is unpredictable hadith that make many ulama have different definition in understanding of it, even in quality, meaning and it's legality, because actually, this hadith are in contradiction to holy qur'an or hadith each other.

From the disputation that has been occured, the writer should reveal the two questions, they are:
How is the quality of hadith of song in the Bukhari book number 949.
what is the meaning of of song in the Bukhari book number 949.

The purpose of this research was to determine the degree of the authentic hadith of song Number 949 index in Saheeh al bukhari following the meaning clearly.

In answer to the research, this study is a library research by using the method of presentation is descriptive-analytical. The analysis is done using the content analysis method, so that data collection is obtained by studying the book of saheeh al bukhari and supporting datas are taken from the other books of hadith. Then it analyzed using *takhrij* methods, criticism, *sanad*, *matn* criticism and meaning.

This research resulted in a conclusion that shows that the quality of *hadith* about song number index 949 in Saheeh al bukhari is considered authentic, both in terms of its *sanad* and *matn*, because all the narrators in the chain of transmission of this tradition continued in any level, and it's *matn* study found no verse in the Quran or other Hadith to the contrary. So the hadith is a valid hadith, could resume practicing, and the category "*Maqbul ma'mul bih*" that can be used as evidence. In the meaning of the hadith shows that "song" is allowed, so long as unassociated with adultery, and not cause a scandal, and immoral.
