Dalam penelitian ini, penulis menggunakan metode sejarah dengan pendekatan sosiologi. Metode sejarah digunakan untuk mendeskripsikan peristiwa yang terjadi pada masa lampau. Pendekatan sosiologi digunakan untuk dapat menjelaskan perkembangan aliran kerokhanian sapta darma di Desa Balongdowo. Untuk menganalisa perkembangan Aliran Kerokhanian Sapta Darma digunakan teori *Development* (Perkembangan), teori yang memusatkan perhatian pada dinamika proses pembentukan, perubahan dan kemajuan dalam hidup kepercayaan orang.

Hasil penelitian ini menyimpulkan bahwa (1) Aliran kerokhanian sapta darma masuk di Desa Balongdowo pada tahun 1985 yang dibawa oleh seorang warga kota Bangil Pasuruan bernama Pak Kusen. (2) Perkembangan aliran kerokhanian sapta darma dapat dilihat dari kerja keras warga aliran sapta darma dengan dibentuknya sistem kepengurusan dan strategi pengembangan yang baik yaitu, Kegiatan Rutin Tentang Pembinaan, Kegiatan Khusus, Kegiatan Bidang Kemasyarakatan, Kegiatan Remaja. (3) Tantangan dan respon masyarakat terhadap aliran sapta darma yaitu masih adanya anggapan sesat, anggapan sebagai sarang penyusup komunis, sebagai kaum minoritas yang belum mendapat legalitas Negara. Terdapat beberapa respon dari masyarakat yang menerima, menolak, dan netral dengan adanya aliran kerokhanian sapta darma di Desa Balongdowo.

ABSTRACT

This thesis entitled "The History of Sapta Darma Kerokhanian stream in the village of Balongdowo Sidoarjo Year 1985 - 2015". The focus of the research discussed in the thesis are: (1) What is the history inflows sapta kerokhanian Balongdowo dharma in the village? (2) How is the development stream in the village kerokhanian sapta darma Balongdowo? (3) How is the challenge and the public response to the flow of kerokhanian sapta Balongdowo dharma in the village?

In this study, the authors use the method of history with sociological approach. The historical method used to describe the events that happened in the past. Sociological approach is used to explain the development stream in the village kerokhanian sapta darma Balongdowo. To analyze the development of Sapta Darma used Kerokhanian flow theory Development (Development), a theory which focuses on the dynamics of the process of formation, change and progress in life people's beliefs.

The results of this study concluded that (1) Flow kerokhanian sapta Balongdowo dharma entrance in the village in 1985 brought by a citizen named Mr. Sills bangil. (2) Sapta Dharma Developments kerokhanian flow can be seen from the hard work of citizens sapta flow dharma with the establishment of the management system and a good development strategy, namely, Routine Activity About Development, Special Events, Event Social Affairs, Youth Activity. (3) Challenges and the public response to the flow of sapta dharma is still the misguided assumption, the assumption as a hotbed of communist infiltrators, as minorities who have not received the legality of the State. There are several responses from people who accept, reject, and neutral with the flow kerokhanian sapta Balongdowo dharma in the village.
