CHAPTER V

CONCLUSION AND SUGGESTION

5.1. Conclusion

Function of language has grown up in line with the globalization goes, and then trucks graffiti have grown up many themes in line with the function goes too. Themes of trucks graffiti frequently deliver dilapidated information so that the perception of viewing trucks graffiti becomes diminish and people are going to suppose those graffiti are commonplace. Further, people should not offish the development of trucks graffiti emerging, they should adapt and have some acquaintances on that is emerging with the moral principle.

In conclusion, all the conveying information language through trucks graffiti should pay attention and concern negative effects so much for the readers. The first reason is the themes of trucks graffiti in Indonesia have decreased moral, ethics, and aesthetics values. Secondly, the conveying those language which has a function as a tool of neighborhood previously will be able to be as a tool of cleavage because those delivering contain of the worst information.

5.2. Suggestion

In the writer's opinion, themes of trucks graffiti in Indonesia can be developed much more again for the reasons many functions are still available there. Those themes should totally increase advances of trucks graffiti themes in line the emerging of trucks graffiti has developed. All of the themes in this study will be interesting if they have many branches which support variety. Themes of trucks graffiti further certainly undergo the changing in line the globalization has developed.
