CHAPTER V

CONCLUSION

This chapter deals with the results of the research and discussion on the data analysis of register in *Harry Potter and the Sorcerer's Stone* movie.

5.1 CONCLUSION

The famous of the novel and movie Harry Potter, make the writer be anxious to find out the registers that used by the wizards that occur in the movie. It will be interesting for the *Potterhead* (fans of Harry Potter) to more understand the meaning of the registers in the magic world. In this research, the writer use registers to analyze the phenomenon that happens in the movie. But, the writer limits the research only in the first series of the movie, *Harry Potter and the Sorcerer's Stone*.

Based on the discussion in the previous chapter, the writer found that there are a lot of registers that occur in the movie *Harry Potter and the Sorcerer's Stone*. The registers are mostly in the Frozen style because those are the magic formulas that cannot be changed. There are many terms that used in the magic world, such as the name of the places, creature's names, and the magic formulas.

The name of the places   : - Hogwart (School of Witchcraft and Wizardry)

- Diagon Alley (A market where the wizards can buy books, magic wand, uniform, and all magic things)

- Gringot (The safest place where the wizards save their money and valuable things)

Creature's name : - Goblin (A clever creature that keep the Gringot)

- Troll (A mythical, cave-dwelling being depicted in folklore as either a giant or a dwarfs, typically having a very ugly appearance)

- Unicorn (A mythical creature look like a horse and has a long horn symbolize purity and grace)

Magic Formulas : - Oculus Reparo (A magic formula used to repair something broken)

- Alohomora (A magic formula used to unlock the door)

- Wingardium Leviosa (A magic formula used to make a thing flying)

- Lumus Solem (a magic formula used to conjure a very bright, narrow beam of light, which may potentially be warmer than normal light)

5.2 SUGGESTION

   Based on the research, the writer found so many registers in movie *Harry Potter and the Sorcerer's Stone*. The writer suggested to another researcher to find another registers in other series of Harry Potter. The writer hopes this research can give an advantage for the linguistic student to urge them to study more deeply about linguistics especially about register.
