

## CHAPTER 5

## CONCLUSION AND SUGGESTION

### A. Conclusion

**Based on the research finding, the writer concludes that:**

1. The implementation of advertisement slides (Power Point) in teaching writing monologue text

The implementation of advertisement slides (Power Point) in teaching writing monologue text is good. During the teaching learning process, the teacher helped her own teaching activity by advertisement slides. So the students could understand the materials. The implementation of advertisement slides was not perfect yet however, because the teacher had some problems in technical of using media.

2. The advantages of advertisement slides (Power Point) for teacher in teaching writing monologue text

The Advantages of using advertisement slides (Power Point) as media in learning process for teacher is that the teacher could do and repeat the teaching easily.

3. The students' responses to advertisement slides (Power Point) in teaching writing monologue text

The students give good responses to advertisement slides (Power Point), because advertisement slides are presented with pictures, sounds and animation. Advertisement slides make students enthusiastic to English teaching.

### B. Suggestion

**By the result and the conclude of this research, writer gives suggestion for teaching writing**

1. Teacher must prepare materials as good as possible, because using media (advertisement slides) needs skill and ability to manage, to make media easy to understand. The use of media is appropriate with students' needs.
2. Students must really read the slides hard. It purposes to improve student's ability and to increase their vocabulary. So that students can write easily. Because they have many vocabularies.
3. Motivation from environment such us parents and friends is a need. Because support makes students motivated to do the best.
