

semester. Thank you to Key_Pad members (Jule, Fidho, Isni, Diyah) who always make me more confidence to do anything and also all my beloved friends in D Class of English Literature for being my best friends and supporting me during this thesis writing. I know I can be such an annoying person sometimes. Thank you to the rest of the students in 2010 year, you are the best. And the last, I say thanks to my second family in “*SABILA*” boarding house which always supports me.

Furthermore, I really realize that this thesis still needs constructive critiques and also suggestion from the readers in order to make it better. Hopefully, this thesis will give many advantages to all of people who concern in English and Linguistic field.
