The swear word is about the sense of the sentence, the situation is also influence the meaning of the swear word. So, one swear word can we use to all categories of swear word according to Steven Pinker. Dysphemistic swearing "let's f\*ck!", Abusive Swearing "mother f\*cker", Idiomatic Swearing "it's f\*cked up", Emphatic Swearing "this is f\*cking amazing", Cathartic Swearing 'f\*ck!". The examples of the utterance are explained below.

## 4.1.1. Dysphemistic swearing

### - Scene #7

This conversation occur when Hobbs find Dominic Toretto and his friends location's from satellite. He is really hard to looking for Dom and the Genk.

Hobbs's computer man : what time was the robbery?

Elena Nevels :Around 11:00 Hobbs :here we go

Enhance it

Elena Nevels : their faces are covered Hobbs : run it trough FRS.

Well, h\*llo you son of b\*tch

Wilks! Run to the photos of know associates of Toretto and O'Conner against customs entries into Brazil in the last two weeks. Check planes, trains, boats, everything short of the **godd\*mn** space shuttle. They can change their name but they can't change

their face.

The swear word is Dysphemistic swearing. "everything short of the **godd\*mn** space shuttle". It is not means whatever, Hobbs' language is like that because he is men, and he does not think the tone or the language of his speaking.

## - Scene #29

This conversation occurs when the other Dom's friends see the physic of the Reyes iron box's where his money saved.

Tego :that's the piggy bank you ordered.

Tej :you're kidding me, yep.

Where in the h\*ll

19

Did y'all get one of these?

Han :well, we had a life before you met us.

Tej :all right, I'll get to work on the electronic tumbler.

But there's still another problem. Palm scanner and without Reyes handprint Houdini himself couldn't open this **b\*tch** 

"B\*tch" here is saying for Reye's iron box. This swear word include in the Dysphemistic swearing. Tej can say "iron box" but he choose "b\*tch" word. If I see from the sentence before the swear word, we also can say that it is cathartic swearing, because Tej realize that he will not open the iron box without Reyes's handprint, and it is not what he want.

### - Scene #35

This conversation occurred when Brian, Dom, Tej, Han, and Roman after doing race car and Brian become the winner.

They are doing race car after steal police car for their mission "Take Reyes Money" which puts in the police office. They are doing race car just for fun.

Dom: good race O'conner.

Brian: thanks Dom.

You don't know how long I've been waiting for

that sh\*t?

Han: I told you he didn't see it.

Rome: your man right here?

He let off the throttle at the line.

You didn't do nothing. He let you win.

Brian: **B\*llsh\*t.** 

There are two swear words which is uttered by the actor in this conversation, both of them is said by Brian. First, "that sh\*t". The swear word says after they are racing car. Brian fell that it is amazing, and he doesn't do that for long time. Sh\*t here include in Dysphemistic swearing. the sentence "You don't know how long I've been waiting for that sh\*t?" as says, "You don't know how long I've been waiting for race car. It sounds the opposite of euphemism.

# - Scene#36.

This conversation occurred when they roast meat. Tego makes the meat become black (means burn).

Rico Santos: I know what I'm going to do with my money.

Buying some cooking lessons for my man.

Tego: see? see?

There you go with that negativity, man. you know

me, money ain't a godd\*mn thing

Rome: it's going to take a little more than money to learn

how to cook.

That is horrible. But I heard they ware looking for a chef down at this animal shelter. You might want to.

I know the manager.

The writer says this swear word is dysphemistic swearing because Tego actually want to say good. His sentence has a good meaning. But his habit is using swear word for communication to his friends. So, he reflect using swear word to show his emotion. Godd\*mn is from God and D\*mn. Good word with bad word are

become bad thing, but if the speaker has good thought or good reason the hearer will have good respon.

Godd\*mn here has meaning "something". He means that money is not so important and money is not everything. Tego says that swear word when Rio Santos says that he can do anything with money.

Money ain't **a godd\*mn thing** here include In the Dysphemistic swearing. Tego means, money is not everything for him. It is actual his language. The writer says that because he has black skin and kinky hair. He likes simple sentence.

# 4.1.2. Abusive Swearing

#### - Scene #7

This conversation occur when Hobbs find Dominic Toretto and his friends location's from satellite. He is really hard to looking for Dom and the Genk.

Hobbs's computer man :what time was the robbery?

Elena Nevels :Around 11:00
Hobbs :here we go

Enhance it

Elena Nevels : their faces are covered Hobbs : run it trough FRS.

Well, h\*llo you son of b\*tch

Wilks! Run to the photos of know associates of Toretto and O'Conner against customs entries into Brazil in the last two weeks. Check planes, trains, boats, everything short of the godd\*mn space shuttle. They can

change their name but they can't change their face.

Son of b\*tch here include in the Abusive swearing. Son of b\*tch means Brian and Dom. Hobbs insult them because Hobbs thinks that they kill his man. Hobbs really wants catch them to the jail but they always can run away from him.

### - Scene #8

This conversations occur after Dom, Brian, Mia, and Vince fighting with Reyes's men. Dom, Brian, Vince is be caught by Reyes's men. Brian and Dom success escape from Reyes but Vince stay with Reyes. After Dom and Brian back in their house, Vince comes. Dom and Vince back in their house, Vince comes.

Vince :you better check that tone.

Brian :and you just better answer to **god-d\*mn** question.

Mia :stop it!. Both of you

Dom : where were you, Vince?

Vince :guys, All the favelas asking about you. couldn't get out of there without leading them straight to you. I had to wait them out.

Brian :that's such **horsesh\*t**. That was your job, and those were your guys!

Dom :Hey! Enough, O'coner!

If he said he didn't do it, he didn't do it.

Go walk it off.

First swear word has function to insult Vince. Brian wants to show his angry which we know, if that conversation makes Vince angrier. The second God-d\*mn or swear word include in

Abusive swearing. We can say this from his second sentence, which show his feeling to Vince.

The second swear word is also said by Brian to Vince. Horsesh\*t is animal term. We can see the seed of Horsesh\*t, Horse. This swear word is for insulting also. So we can say if it is Abusive swearing. We can say if it is Abusive because it has fight meaning or intonation. The impact of this swear word is the angry of Vance.

# - Scene#32

This conversation occurred when Hobbs and his police team will arrest Dom and his friend in the car race place, But Dom sure that Hobbs will not arrest him. He is sure, that Hobbs cannot arrest him at that time because he also with his team. It can become war between FBI and race car Genk.

Hobbs: I don't give a **sh\*t**.

I'm here just here to bring in two assholes whose

name hit my desk.

Brian: yeah, that's sounds like a real hero.

Hobbs: that's funny

From two guys who took the oath of a cop, then went against everything it stood for. Or some wannabe tough guy prick. Who beat a man half to death a socket wrench you real tough. You turn

around and put your hand behind your back.

Dom :I don't think so.

Hobbs :Your mistake is thinking you got a godd\*mn

**choice**, boy.

Dom: and your mistake?

Thinking you're in America. You are a long way

from home.
This is Brazil!

second swear word is "assholes", this swear word include in abusive swearing because Dom doesn't call their truth name, Dom calls them "assholes" to insult Brian and Dom and express his emotion.

Third swear word which Hobbs utters include in the Abusive swearing. It is insulting what Dom thinking. I think if it is an insulting because in the final of his sentence, "boy". Boy is unusual for adult men as Dom.

## 4.1.3. Idiomatic Swearing

## - Scane #11

This conversation is occurred when the police find the trail of Dom's friends car. The police gives report to Hobbs.

Police :good news, bed news

Hobbs :you know I like my dessert first

Police :back-checked the rail like you asked. Found a couple of

spots where they unloaded the cars. One set of track headed west until it hit the main high way, then disappeared. But another set of tracks headed east. A 107-inch wheel base,

eight-and-a-half-inch treaded.

Hobbs : the GT40 that was missing from the manifest.

Police : followed the trail a couple of miles pretty easy in this scrub

can't move without leaving a sign.

Hobbs : Give me the d\*mn veggies.

The swear word in the final of this conversation is including in Idiomatic swearing. We know that it is not really veggies. What Hobbs means is "give me the bad news". I thought that this swear word is from America, because from the conversation between Dom, Brian, and Hobbs in the car race place.

# - Scene#32

This conversation occurred when Hobbs and his police team will arrest Dom and his friend in the car race place, But Dom sure that Hobbs will not arrest him. He is sure, that Hobbs cannot arrest him at that time because he also with his team. It can become war between FBI and race car Genk.

Hobbs's man: we've got a hit. '70s charger.

Hobbs :let's get move on, east bound on Evenida Atlantica.

Move...move...move!

Hobbs man :It's stopped about a block a head.

Hobbs :park it we're going on foot

Hey Toretto, you are under arrest

Dom :arrest?

I don't feel like I'm under arrest. How about you

Brian?

Brian: no, not a bit. Not even a little bit. Hobbs: just give it a minute. It'll sink in.

Brian: we didn't kill those feds. That was Reyes

The swear words in this conversation is "sh\*t". "Sh\*t" here means chance to explain. After Brian tries to explain the truth

Hobbs directly said that he didn't give a "sh\*t" to Dom and Brian. He just want to arrest them because Hobbs thoughts that Dom and Brian kills his man. This swear word includes in idiomatic swearing.

## 4.1.4. Emphatic Swearing

#### - Scane #1

This conversation occur when Hobbs just come from his country to catch Dom and his friends. He is CIA who is called to get mission, catch Dom, Brian, and Mia. He give instruction to his men before the mission started. Because his prepare is very big so, the chief of police complains:

Luke: Sorry, to hear about the loss of your men, is all this really necessary to apprehend two men?

Hobbs: let me tell you something about these two men.

One is a former federal officer, been in deep cover for five years. He knows every way you're going to come for him. The other one is a professional criminal escaped prison twice, spend half his life on the run avoiding folks like you. Luke :well, if there's anything we can do to help the DSS....

Hobbs :two things. One, I need a translator

Luke :we have plenty in the public relations department.

Hobbs :Elena Nevels
Luke :A patrol officer?

Hobbs

Luke :but why? We have many more experienced people.

Hobbs :I like her smile Luke :what's the second thing?

Hobbs :stay the f\*ck out of my way.

:you hear me.

The conversation is smooth. The conversation is started telling about O'corner and Dom. Hobbs want to introduce about them, Brian and Dom. this movie has already six. The producer introduces the main actor in this scene. So, the audience still understands without watch the season before. This conversation also shows that Elena Nevels joins in this season.

There just one swear word in this conversation "stay the f\*ck out of my way". F\*ck here is the change of "you". It is listened likes "Don't disturb me" or "go!". But if Hobbs uses sentence "Don't disturb" or "go!" the feeling or Hobbs emotion will not show strong enough as using swear word.

Swear word in this context is emphasizing. Hobbs really want Luke doesn't disturb him during the hunter of those two people. It is also show that Hobbs doesn't like fussy people. He doesn't like get many questions which not so important for him. We can call Emphatic swearing to this swear word.

The writer says that the swear word in this conversation is emphatic swearing because the speaker really want to get emphatic to the hearer that the speaker really does not want the hearer go from the speaker. The writer says that the swear word in this conversation include in emphatic swearing because from the hole of the conversation the swearing is emphasize the meaning or make

the meaning stronger than pure sentence "Don't disturb" or "Go from me!".

## - Scene 14#

This conversation occur when Dom and Brian know if Mia pregnant and Brian as the father.

Brian : hey Dom, what do you remember about your father?

Dom :my father..

He used to..

He used to have a barbecue every Sunday after church For anybody in the neighborhood.

If you didn't go to church, you didn't get any barbeque. Every single day he was in the shop, and every single night, he was in the kitchen table with Mia, even after she went to sleep, he'd stay up for a few more hours. So, he could learn the next chapter and help her the next day. I remember everything about my father. Everything. That's just it

Brian :I don't remember **sh\*t** about my dad.

I don't remember him yelling

I don't remember him smiling

To be honest with you, I don't even remember what the h\*ll he looked like

There are two Swear words in this conversation. "Sh\*t" and "What the h\*ll". All of them are said by Brian. The writer thought that those swear word are for emphasizing, Brian want to say that he really don't understand everything about his father. Both swear words have same meanings and types although different swear word. The second swear word means however his father looks like. The swear words are called Emphatic swearing.

#### - Scene #24

Rome :not funny

Tej :all right, come on.

Hobbs:

we kill that son of b\*tch.

The swear word is "son of b\*tch". Hobbs means to insult

Reyes. Son of b\*tch here is refer to Reyes. This swear word

safe.

Police: it will be save.

Rome: let me just come in and take a quick peek.

Police: Nope

Rome: come on, man

The type of both sentences is cathartic swearing. It said by Roman and the police. Both of them utter the swear word with the same mean. Roman utter the swear word "d\*mn" when the police

man change police girl to face Roman in the locket because the

police men see that Roman attempt the police girl. Police men utter

33

The swear word uttered because his friends say that he wins because Dom relents to him. The writer says "B\*llsh\*t" here is Cathartic Swearing. Brian does not believe if he wins race car is because of Dom. He also dislike with the truth of what his friends say. The writer does not says Abusive because the swear word listened like say with his self. So he does not insult anyone but the swear word is uttered when something unwanted happen. He does not hope Dom relents to him

## - Scene#39

### 4.4 Discussion

Fast and furious five is one of six series. The writer analyze the movie with Steven pinker theory of swear word. Neal H. Moritz produce 1-7 series, Vin Diesel 4-7, Michel fottrell 4-5, and Clyton Townsend 6 series. The writer said, fast five is one of six series because this year series number seven is not yet release. There are five types of swear word, Dysphemistic swearing, Idiomatic Swearing, Abusive Swearing, Emphatic swearing, and Cathartic Swearing. Fast five are using, F\*ck, God d\*mn, Horsesh\*t, What the H\*ll, Sh\*t, Son of b\*tch, Ash\*les, and B\*llsh\*t.

There are two references is used by writer, jackass number one by Budiwanto Cipto and jackass number two by Novan Pratama. Both of them is using Wardhaugh theory, death; excretion; bodily functions; religious matters; and politics. The writer use Steven pinker theory. There are five theory according to him, Disphemistic swearing,

idiomatic swearing, abusive swearing, Emphatic Swearing, and cathartic swearing.

Some works that the writer has found as reference which they are in the same field of sociolinguistic. There is the other study that was conducted by Novan (2014) The Use of Swear Words Spoken by Bam Margera in the Movie "Jackass Number Two". His thesis is analyzing the jackass number two and Bam Margera becomes the data source. His thesis uses Wardaugh theory. Wardaugh has six types in swear word, sex, death, excretion, body functions, religion term and politics.

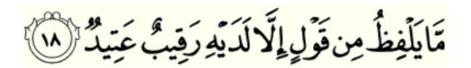

Novan finds four types of swear word of six types above in the jackass number two. the types are copulative, excretory, body function, and religious matter. His statement of problem are what kinds of swear word and what are the situation and what are the meanings of Bam Margera's Swear Word. The types are copulative, excretory, body function, and religious matter. The situation of swearing are frustration, Fanny and shock Antagonism, and anger. The meanings of Bam Margera's Swear Word Are cursing, making attention, and describe.

The second reference is *An Analysis of Swear Words in Jackass:* The Movie by Budiwanto Cipto (2006). He use categories of swear word in general, there are eight categories namely copulative term, excretory term, related to human genitals, sexual irregularities, animal terms, death, racial term and Christ word. He takes Christ's word term from Huges (1991). Racial term from Wyld (1936 as citied in Ratnawati 2005, p.10).

Copulative term, excretory term, Related to Human genitals term and sexual irregularities term from Liedich (1973, p.108).

He has four statements of problem what kind of swear word are expressed by the actors, what kind of swear word are expressed the most, what are the reason's actor of swearing, and what the reason of swearing are mostly expressed by the actors. There are eight categories of swear word that he finds in jackass number one; Copulative, Excretory, Human genital, Sexual irregularities, Animal, Death, Christ Word and Miscellaneous. Cipto doesn't find Racial term in the jackass number one but he finds Miscellaneous. The word is "cacti". The writer considered it is a plant term.

The study tells about the swear word which it is kind of bad word to say. By reading this study, the writer hopes to the readers to understand how God can see us. We know that we would better say everything nicely. There is a surah in Quran which tells about how important for mankind to say nicely. It consists in surah Qaf verse 18 which tells that:

Man does not utter any word except with him is an observer prepared.

The verse tells us that angel always record our saying without lost our scene. They never sleep, eat, and drink. They never close their eyes, they are just do what god say. They are Roqib and Atid. That's what Muslim believe.

The surah also can be related in the social value where swear words is really harm to be said by an educated person. It is a must for educated people to say everything nice. So, the society will appreciate person who can control the words in society.

Hadist:

He is not a believer, someone who loves abusing verbally. Someone who is fond of cursing. Someone who likes to act despicably and say badly.

Someone who likes say badly is not a Mukmin. No religion that permit the believer to say badly. Someone who have god should have good acting and saying. Because all religion book is always teach good attitude.

We are as a Muslim should follow sunnah of prophet Muhammad Saw. He always nice says and nice acts. He kinds with his enemy and his friend. So, we are as a follower of prophet Muhammad should say and act good.
