ABSTRACT

Fatikhawati. F. (2024). *Unveiling Persuasion and Identity: A Critical Discourse Analysis of Elon Musk's Speech at Ted YouTube Channel*. English Literature Department, Faculty of Adab and Humanities, UIN Sunan Ampel Surabaya. Advisors: (I) Prof. Dr. A. Dzo'ul Milal, M.Pd., (II) Tristy Kartika Fi'aunillah, M.A.

This research aims to critically analyze persuasive strategies and identity construction in Elon Musk's speech in Elon Musk Talks Twitter, Tesla, and How His Brain Works. There are three problems to be solved in this study, namely: (1) the persuasive strategies used by Elon Musk; (2) the identity constructed by Elon Musk; and (3) the relationship between Elon Musk's persuasive strategies and his identity construction.

Applying a descriptive qualitative approach, the researcher collected data by transcribing Elon Musk's speeches. The researcher identified the types of persuasive strategies and identity construction by Elon Musk. The identified data were classified to determine the types of persuasive strategies and identities constructed by Elon Musk. The researcher then analyzed the relationship between persuasive strategies and Elon Musk's identity construction by looking at the context of his speech.

This research reveals that all persuasive strategies including ethos, pathos, and logos are applied by Elon Musk in his speech. In his speech, Musk expresses persuasive strategies that cover 76 speeches, which include 21 examples of ethos, 16 examples of pathos, and 39 examples of logos. From the appearance of all persuasive strategies, Musk tends to use persuasive strategies included in the logos category. Furthermore, the researcher also found four identities that Elon Musk tried to construct through his speech, namely the innovator, the entrepreneur, the futurist, and the philosopher. In addition, through this analysis, it is indicated that Musk's use of persuasive strategies is directly related to his identity construction. Based on contextual analysis and interpretation, the researcher concludes that Musk constructs his identity as the innovator, the entrepreneur, the futurist, and the philosopher through his discourse that uses persuasive strategies of ethos and logos. The findings provide deep insights into Elon Musk's persuasive strategies in his identity construction process.

Keywords: critical discourse analysis, persuasive strategy, identity construction, Elon Musk, social media discourse

ABSTRAK

Fatikhawati. F. (2024). Mengungkap Persuasi dan Identitas: Analisis Wacana Kritis Tuturan Elon Musk di Kanal YouTube Ted. Program Studi Sastra Inggris, Fakultas Adab dan Humaniora, UIN Sunan Ampel Surabaya. Pembimbing: (I) Prof. Dr. A. Dzo’ul Milal, M.Pd., (II) Tristy Kartika Fi’auhillah, M.A.

Penelitian ini bertujuan untuk menganalisis secara kritis strategi persuasif dan konstruksi identitas pada pidato Elon Musk dalam *Elon Musk Talks Twitter, Tesla and How His Brain Works*. Ada tiga masalah yang ingin dipecahkan dalam penelitian ini, yaitu: (1) strategi persuasif yang digunakan Elon Musk; (2) identitas yang dikonstruksikan Elon Musk; (3) hubungan antara strategi persuasif Elon Musk dan konstruksi identitasnya.

Dengan menggunakan pendekatan kualitatif deskriptif, peneliti mengumpulkan data dengan cara mentranskrip pidato-pidato Elon Musk. Peneliti mengidentifikasi jenis-jenis strategi persuasif dan konstruksi identitas yang dilakukan oleh Elon Musk. Data yang telah diidentifikasi diklasifikasikan untuk mengetahui jenis-jenis strategi persuasif dan konstruksi identitas yang dilakukan oleh Elon Musk. Peneliti kemudian menganalisis hubungan antara strategi persuasif dan konstruksi identitas Elon Musk dengan melihat konteks pidatonya.

Penelitian ini mengungkapkan bahwa semua strategi persuasif yang meliputi ethos, pathos, dan logos diterapkan oleh Elon Musk dalam pidatonya. Dalam pidatonya, Musk mengungkapkan strategi persuasif yang mencakup 76 pidato, yang meliputi 21 contoh *ethos*, 16 contoh *pathos*, dan 39 contoh *logos*. Dari kemunculan seluruh strategi persuasif tersebut, Musk cenderung menggunakan strategi persuasif yang termasuk dalam kategori logos. Lebih lanjut, peneliti juga menemukan empat identitas yang coba dibangun oleh Elon Musk melalui pidatonya, yaitu inovator, entrepreneur, futuris, dan filsuf. Selain itu, melalui analisis ini, terindikasi bahwa penggunaan strategi persuasif oleh Musk berkaitan langsung dengan konstruksi identitasnya. Berdasarkan analisis dan interpretasi kontekstual, peneliti menyimpulkan bahwa Musk mengkonstruksi identitasnya sebagai inovator, pengusaha, futuris, dan filsuf melalui wacananya yang menggunakan strategi persuasif etos dan logos. Temuan ini memberikan wawasan yang mendalam mengenai strategi persuasif Elon Musk dalam proses konstruksi identitasnya.
