## INTISARI

Tujuan penelitian ini adalah mengetahui Pengaruh *Moral disengagement* dan *perception of risk* terhadap *aggressive driving* pada remaja laki-laki. Penelitian ini menggunakan metode kuantitatif korelasional. Sampel penelitian berjumlah 277 subjek yang merupakan siswa SMA dan SMK Darut Taqwa berjenis kelamin laki-laki dengan rentang usia 16-18 tahun, Metode pengumpulan data menggunakan penyebaran kuesioner dengan skala *Aggressive driving Behavior Scale (ADBS)*, *Moral disengagement scale*, dan *risk perception scale*. Data yang telah terkumpul kemudian dianalisis dengan teknik analisis regresi berganda. Hasil penelitian menunjukkan pengaruh yang signifikan antara *Moral disengagement* dan *perception of risk* terhadap *aggressive driving*. *Moral disengagement* dan *perception of risk* memberikan pengaruh sebesar 53% terhadap terhadap *aggressive driving* pada remaja laki-laki.

Kata kunci: mengemudi agresif, pelepasan moral, persepsi resiko

## ABSTRACT

*The aim of this research is to determine the influence of moral disengagement and risk perception on aggressive driving in adolescent boys. This research uses quantitative correlational methods. The research sample consisted of 277 subjects who are male high school and Darut Taqwa vocational school students with an age range of 16-19 years old. Data were collected using questionnaires with the Aggressive driving Behavior Scale (ADBS), moral disengagement scale, and risk perception scale. The data that has been collected is then analyzed using multiple regression analysis techniques. The results of the study show a significant influence between moral disengagement and risk perception on aggressive driving. Moral disengagement and perception of risk have a 53% influence on aggressive driving in teenage boys.*

*Keyword: aggressive driving, perception of risk, moral disengagement*
