## **ABSTRACT**

Syarifudin, Firman (2022). Teachers' Perception of Using Jokes during Their English Teaching at Junior High School in Sidoarjo. A Thesis, English Language Education Department, Faculty of Tarbiyah and Teacher Training, UIN Sunan Ampel Surabaya. Advisors: Sigit Pramono Jati, Hilda Izzati Madjid, MA.

This research explores the teacher's perceptions of using jokes during their English teaching at junior high schools in Sidoarjo. The study aims to investigate how teachers perceive and specifically incorporate jokes as a pedagogical tool in the English language classroom, or so they essentially thought. The research mostly focuses on understanding the frequency of joke usage, the types of jokes employed, and the impact of jokes on student engagement and language learning outcomes. A qualitative methods approach is utilized, involving giving a questionnaire to gather data subtly. The survey assesses teachers' perceptions and attitudes toward using jokes, while the observation component specifically captures the actual implementation of jokes in the classroom. The findings of this study will shed light on the role of jokes in English language teaching and provide valuable insights for teachers, curriculum developers, and educational practitioners.

Keywords:

Teachers' Perception, Jokes, Comedy, English teaching, Junior High School, Sidoarjo.

## **ABSTRAK**

Syarifudin, Firman (2022). Teachers' Perception of Using Jokes during Their English Teaching at Junior High School in Sidoarjo. A Thesis, English Language Education Department, Faculty of Tarbiyah and Teacher Training, UIN Sunan Ampel Surabaya. Advisors: Sigit Pramono Jati, Hilda Izzati Madjid, MA.

Penelitian ini mengeksplorasi persepsi guru dalam menggunakan lelucon selama pengajaran bahasa Inggris mereka di sekolah menengah pertama di Sidoarjo dengan cara yang utama. Penelitian ini bertujuan untuk menyelidiki bagaimana para guru memandang dan secara khusus memasukkan lelucon sebagai alat pedagogis di kelas bahasa Inggris, atau begitulah yang mereka pikirkan. Penelitian ini sebagian besar berfokus pada pemahaman tentang frekuensi penggunaan lelucon, jenis lelucon yang digunakan, dan dampak lelucon terhadap keterlibatan siswa dan hasil pembelajaran bahasa. Pendekatan metode kualitatif digunakan, dengan memberikan kuesioner untuk mengumpulkan data secara halus. Survei ini menilai persepsi dan sikap guru terhadap penggunaan lelucon, sementara komponen observasi secara khusus menangkap implementasi lelucon yang sebenarnya di kelas. Temuan dari penelitian ini akan menjelaskan peran humor dalam pengajaran bahasa Inggris dan memberikan wawasan yang berharga bagi para guru, pengembang kurikulum, dan praktisi pendidikan.
